SUBJECT INDEX

Acid alpha naphthyl acetate esterase positive lymphocytes in cattle with carcinoma of the mucosa of the ethmoid 138

Albumin — Decline of serum albumin concentration at calving in dairy cows: its relationship with age and association with subsequent fertility 90

Alkaline phosphatase, canine plasma, Isoenzymes of: an investigation using isoelectric focusing and related to diagnosis 310

Alveolitis and diffuse pulmonary fibrosis in cattle, Experimental production of: the effects of repeated dosage with 3, methyl indole 97

Amino acid neurotransmitter release from cerebrocortical synaptosomes of sheep with severe ryegrass staggers in New Zealand 373

Anabolic steroid trenbolone acetate, Effects of, implanted alone or in combination with oestradiol-17β, on liver cell ultrastructure in steers 21

Analgesic drugs, spasmolytic, Effect of, on the motility patterns of the equine small intestine 334

Antibody titres, Studies of, in experimentally induced ovine toxoplasmosis 163

Antilymphocyte antibodies, cytotoxic, Occurrence of, in sheep 218

Atracurium in the dog, Neuromuscular blocking action of, and its reversal by neostigmine 173

Avian infectious bronchitis virus, Homologous interference by; inhibition of plaque formation of the Beaudette-42 strain by mixed inoculation with the KH strain 120

Avian reticuloendotheliosis virus as a vaccine contaminant, Relative efficiency of techniques for detecting 377

Babesia bovis, irradiated, Failure of *Boophilus microplus* to transmit 124

Babesia bovis sexual stages, Ultrastructure of, as observed in *Boophilus microplus* cell cultures 249

Badger *(Meles meles)*, Response of, to infection with *Brucella abortus* 296

Benzimidazole resistance, Development of, in *Haemonchus contortus* strain in the Netherlands following fenbendazole treatment of ewes at parturition 46

Biopsy, Renal, in the normal cat: an examination of the effects of a single needle biopsy 347

Bluetongue — Clinical and serological responses of sheep to serial challenge with different bluetongue virus types 205

Boophilus microplus cell cultures, Ultrastructure of *Babesia bovis* sexual stages as observed in 249

Boophilus microplus, Failure of, to transmit irradiated *Babesia bovis* 124

Bordetella bronchiseptica, Virulence of *Pasteurella multocida* in atrophic rhinitis of gnotobiotic pigs infected with 287

Bovine viral diarrhoea-mucosal disease, Pathogenesis of: distribution and significance of BVDV antigen in diseased calves 5

Brucella abortus lipopolysaccharide, Haemolysis in gel test for detecting bovine antibodies in 68

Brucella abortus, Response of the badger *(Meles meles)* to infection with 296

Brucella abortus whole cell and lipopolysaccharide antigens, Binding of, to plastics 131

Calving in dairy cows, Decline of serum albumin concentration at: its relationship with age and association with subsequent fertility 90

Canine distemper virus pneumonia, Immunoperoxidase study of 145

Carcinoma of the mucosa of the ethmoid, Acid alpha naphthyl acetate esterase positive lymphocytes in cattle with 138

Cartilage thickness and joint fitting in the radiocarpal joint of foals, An in vitro study on 320

Cell mediated and humoral immune response of chickens to inactivated oil-emulsion infectious bronchitis vaccine 224

Central nervous system, Studies on: visually evoked cortical responses in sheep 315

Cerebrocortical synaptosomes of sheep with severe ryegrass staggers in New Zealand, Amino acid neurotransmitter release from 373

Cilia formation, Patterns of, in the lower respiratory tract of the dog: a scanning electron microscopic study 340

Columba livia, Experimental infection of, with paramyxovirus Yucaipa 376

Copper, Variation in the concentration of, in the blood in various breed crosses of sheep, and in the activities of superoxide dismutase and glutathione peroxidase 253

Corticosterone, dietary, Effects of, on peripheral blood lymphocyte and granulocyte populations in immature domestic fowl 236

Cryptosporidiosis, intestinal of neonatal calves, Scanning and transmission electron microscopic observations on the host-parasite relationship in 149

Cysticerci, Duration of immunity and absorption of, in calves after treatment of *Taenia saginata* cysticercosis with praziquantel 127

Cysticercosis, ovine, caused by *Taenia hydatigena*, Efficacy of praziquantel against 199
Cytotoxic antilymphocyte antibodies in sheep, Occurrence of 218
Cytotoxic T-lymphocyte line propagated from a rabbit infected with sheep associated malignant catarrhal fever 109

Dermatitis, canine atopic, Investigations of the symptomatology and the significance of immediate skin test reactivity in 261
Dietary corticosterone, Effects of, on peripheral blood lymphocyte and granulocyte populations in immature domestic fowl 236
Diets, Effects of, on faecal analysis in normal dogs 24

Eimeria stiedci in rabbits: the demonstration of responses to chemotherapy 64
Electromechanical activity of the equine small intestine and its correlation with transit of fluid through Thiry-Vella loops 327
Enzyme-linked immunosorbent assay for the detection of antibodies to *Hypoderma bovis* in cattle 251
Enzyme-linked immunosorbent assay for the detection of IgG antibodies to rinderpest virus in epidemiological surveys 77
Eosinophils, Tissue concentrations of, in the bovine oviduct and ureters at different stages of the oestrous cycle 369
Escherichia coli, enteropathogenic and non-enteropathogenic, Influence of immunisation with, on the occurrence of loop dilation in rabbits 1

Faecal analysis for maldigestion in pancreatectomised dogs 28
Faecal analysis in normal dogs, Effect of various diets on 24
Fasciola hepatica in rats, Protection against, with adult fluke antigen in Freund's adjuvant: influence of antigen batch, antigen dose and number of sensitising injections 240
Fat content of the liver of dairy cows, Comparison of biochemical and histological methods of estimating 245
Fatty liver and kidney syndrome, Experimentally induced, in the young turkey 73
Fenbendazole treatment of ewes at parturition, Development of benzimidazole resistance in *Haemonchus contortus* strain in the Netherlands following 46
Fertility and lactation in goats after induction of parturition with an analogue of prostaglandin $F_{2\alpha}$, cloprostenol 280
Fetal growth in lambs, Measurement of, by ultrasound 257
Fibrosis, diffuse pulmonary, and alveolitis in cattle, Experimental production of: the effects of repeated dosage with 3, methyl indole 97
Foals — Effect of intranasal oxygen administration on arterial blood gas and acid base parameters in spontaneously delivered, term induced and induced premature foals 159

Gastric structure and function in iron-deficient piglets 11
Gastrointestinal parasitism in grazing sheep, Plasma protein loss associated with 58
Gastrointestinal trichostrongyles in sheep, Pathophysiology of: plasma losses and changes in plasma pepsinogen levels associated with parasite challenge of immune animals 305
Glutathione peroxidase activity in the blood of three breeds of sheep and Selenium concentration in the blood and wool 365
Glutathione peroxidase and superoxide dismutase, Variation in the activities of, and in the concentration of copper in the blood in various breed crosses of sheep 253

Haematology, Normal and clinical, in the yak *(Bos grunniens)* 31
Haemolysis in gel test for detecting bovine antibodies in *Brucella abortus* lipopolysaccharide 68
Haemonchus contortus and *Trichostrongylus colubriformis* passaged in sheep, Changes in resistance in mixed infections of susceptible and benzimidazole resistant strains of 55
Haemonchus contortus strain, Development of benzimidazole resistance in, in the Netherlands following fenbendazole treatment of ewes at parturition 46
Histological immunoenzyme techniques in canine tissues; evaluation of various methods and modifications 193
Hormones, Effect of, on urethral sensitivity to phenylephrine in normal and incontinent dogs 177
Hyperadrenocorticism, canine, Urinary corticoids in the diagnosis of 141
Hypoderma bovis in cattle, Enzyme-linked immunosorbent assay for the detection of antibodies to 251

IgG antibodies to rinderpest virus, Enzyme-linked immunosorbent assay for the detection of, in epidemiological surveys 77
Immune response, Cell mediated and humoral, of chickens to inactivated oil-emulsion infectious bronchitis vaccine 224
Immunisation, Influence of, with enteropathogenic and non-enteropathogenic *Escherichia coli* on the occurrence of loop dilation in rabbits 1
Immunoenzyme techniques, Histological, in canine tissues; evaluation of various methods and modifications 193
Immunoperoxidase study of canine distemper virus pneumonia 145
Infectious bovine rhinotracheitis, Experimental: comparison of four antigen detection methods 42
Infectious bronchitis vaccine, inactivated oil-emulsion, Cell mediated and humoral immune response of chickens to 224
Intestine, equine small, Effect of spasmolytic analgesic drugs on the motility patterns of 334
Intestine, small, of lambs continuously infected with *Trichostrongylus vitrinus*, Development of morphological changes in 301
Intestines — Electromechanical activity of the equine small intestine and its correlation with transit of fluid through Thiry-Vella loops 327
Iron-deficient piglets, Gastric structure and function in 11

Isoenzyme electrophoresis, Characterisation of *Trypanosoma (Trypanozoon) evansi* from camels in Kenya using 114
Isoenzymes of canine plasma alkaline phosphatase: an investigation using isoelectric focusing and related to diagnosis 310

Joint fitting and cartilage thickness in the radiocarpal joint of foals, An in vitro study on 320

Lactation and fertility in goats after induction of parturition with an analogue of prostaglandin $F_{2\alpha}$, cloprostenol 280
Leptospirosis and the maintenance host: a laboratory mouse model 82
Leukaemia, ovine lymphoblastic, Reverse transcriptase activity in a case of 50
Lipopolysaccharide, *Brucella abortus*, Haemolysis in gel test for detecting bovine antibodies in 68
Lipopolysaccharides and mycobacterial cell wall components, In vitro effects of, on swine alveolar macrophages 212
Liver cell ultrastructure in steers, Effects of the anabolic steroid trenbolone acetate, implanted alone or in combination with oestradiol-17β, on 21
Liver, dog, Evaluation of preformed Percoll and reorientating sucrose density gradient centrifugation for the analytical subcellular fractionation of 272
Liver of dairy cows, Comparison of biochemical and histological methods of estimating fat content of 245
Luteinising hormone analogue and prostaglandin, Ovulation control in heifers with, under different conditions of management 182
Lymphocytes, Acid alpha naphthyl acetate esterase positive, in cattle with carcinoma of the mucosa and of the ethmoid 138

Macrophages, swine alveolar, In vitro effects of lipo-polysaccharides and mycobacterial cell wall components on 212
Maldigestion, Faecal analysis for, in pancreatectomised dogs 28
Malignant catarrhal fever, sheep associated, A cytotoxic T-lymphocyte line propagated from a rabbit infected with 109
Mastitis, bovine, Penicillin (cloxacillin)-tolerant *Staphylococcus aureus* from: identification and lack of correlation between tolerance in vitro and response to therapy in vivo 266
Measurement of fetal growth in lambs by ultrasound 257
Mebendazole concentrations in sheep plasma 37
Metaphyseal vessels in young foals, Microangiographic studies of 231
Microangiographic studies of metaphyseal vessels in young foals 231
Motility patterns of the equine small intestine, Effect of spasmolytic analgesic drugs on 334
Mycobacterial cell wall components and lipopolysaccharides, In vitro effects of, on swine alveolar macrophages 212
Mycoplasma bovis, Selective medium for the isolation of, from nasal discharges of pneumonic calves 371

Nematodirus species, Arrested development of, in grazing lambs 357
Neonatal calves, Scanning and transmission electron microscopic observation on the host-parasite relationship in intestinal cryptosporidiosis of 149
Neostigmine, Neuromuscular blocking action of atracurium in the dog and its reversal by 173
Neuromuscular blocking action of atracurium in the dog and its reversal of neostigmine 173

Oestradiol-17β — Effects of the anabolic steroid trenbolone acetate, implanted alone or in combination with oestradiol-17β, on liver cell ultrastructure in steers 21
Oestrous cycle, Tissue concentrations of eosinophils in the bovine oviduct and ureters at different stages of 369
Ovulation control in heifers with prostaglandin and luteinising hormone releasing hormone analogue under different conditions of management 182
Oxygen, Effect of intranasal administration (of), on arterial blood gas and acid base parameters in spontaneously delivered, term induced and induced premature foals 159

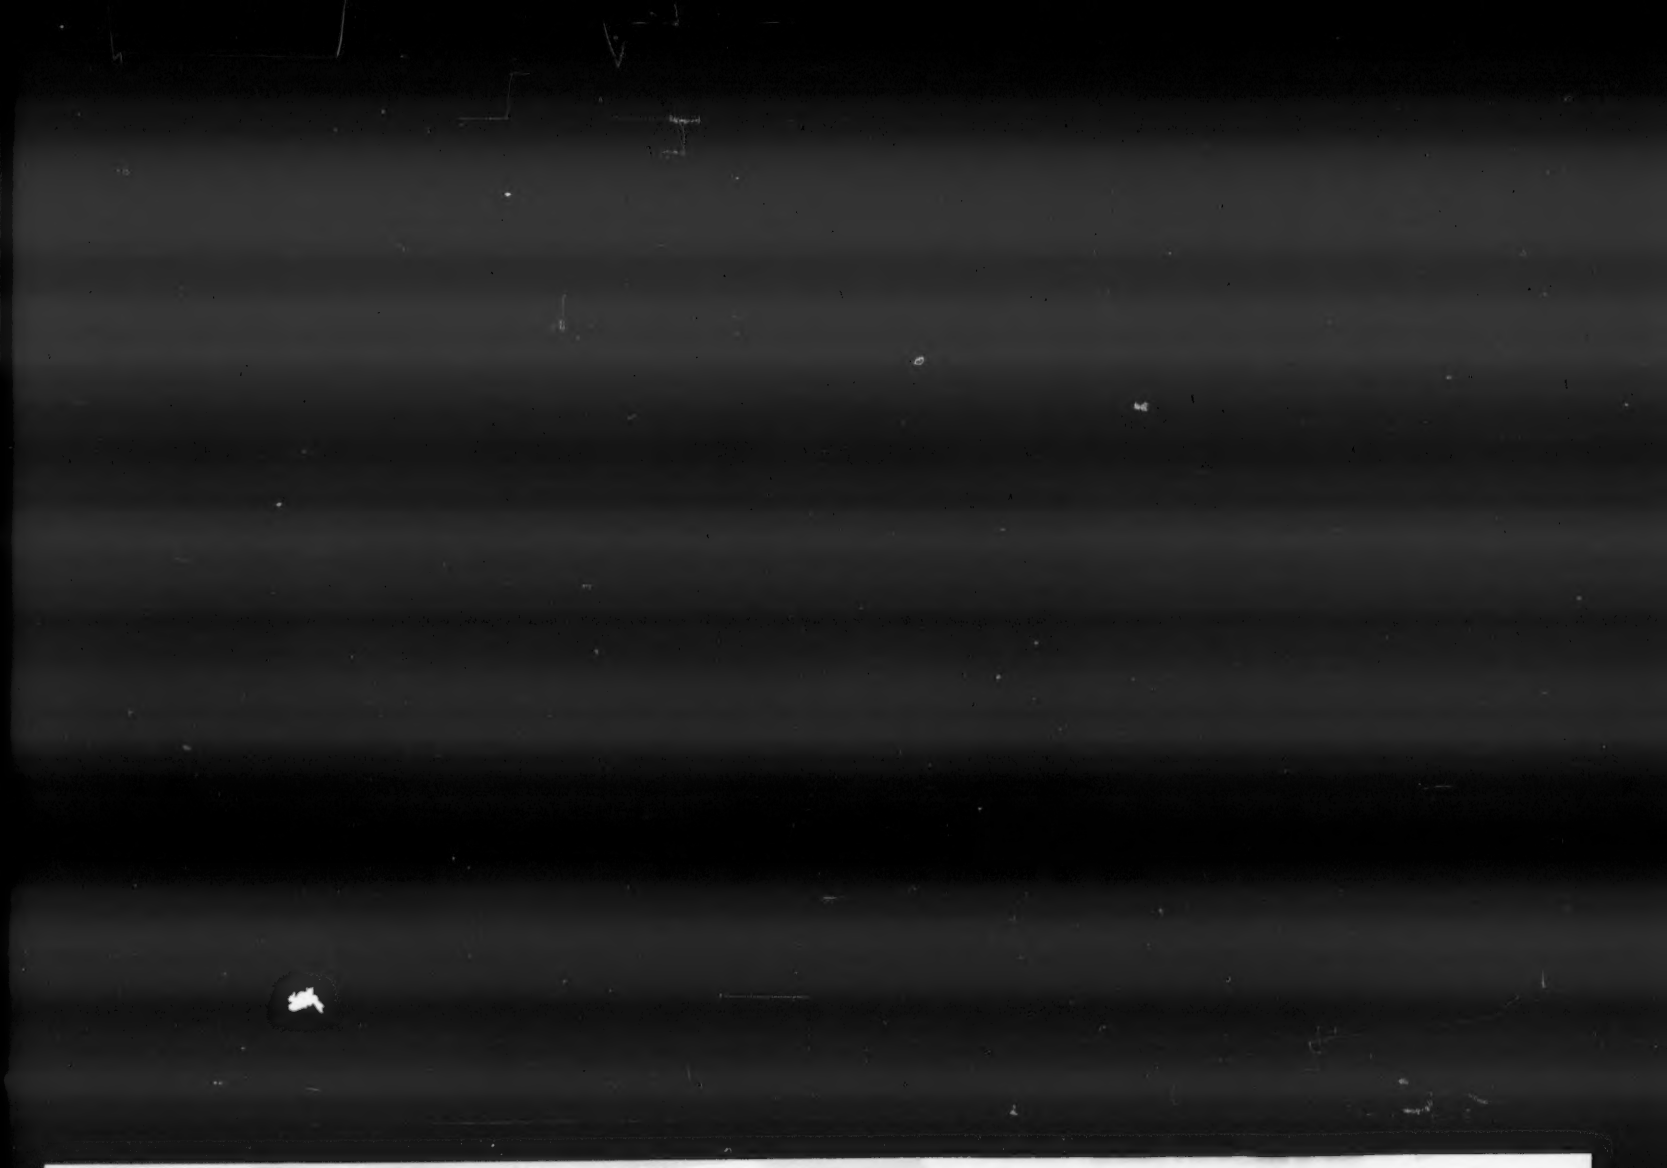
Pancreatectomised dogs, Faecal analysis for maldigestion in 28
Paramphistomum microbothrium, Failure of a bovine strain of, to survive in the rumen of sheep 119
Paramyxovirus Yucaipa, Experimental infection of *Columba livia* with 376
Parturition, induction of, with an analogue of prostaglandin $F_{2\alpha}$, cloprostenol, Lactation and fertility in goats after 280
Pasteurella multocida, Virulence of, in atrophic rhinitis of gnotobiotic pigs infected with *Bordetella bronchiseptica* 287
Penicillin (cloxacillin)-tolerant *Staphylococcus aureus* from bovine mastitis: identification and lack of correlation between tolerance in vitro and response to therapy in vivo 266
Phenylephrine, Effect of hormones on urethral sensitivity to, in normal and incontinent dogs 177
Pigs, unthrifty, Quantitation of small intestinal structure and function in 167
Plasma protein loss associated with gastrointestinal parasitism in grazing sheep 58
Platelet morphology, Rapid method for the examination of 367
Pneumonia, canine distemper virus, Immunoperoxidase study of 145
Pneumonic calves, Selective medium for the isolation of *Mycoplasma bovis* from nasal discharges of 371
Praziquantel, Duration of immunity and absorption of cysticerci in calves after treatment of *Taenia saginata* cysticercosis with 127
Praziquantel, Efficacy of, against ovine cysticercosis caused by *Taenia hydatigena* 199
Prostaglandin and luteinising hormone analogue, Ovulation control in heifers with, under different conditions of management 182
Prostaglandin $F_{2\alpha}$, cloprostenol, Lactation and fertility in goats after induction of parturition with an analogue of 280
Protein, Involvement of, in scrapie agent infectivity 155

Radiocarpal joint of foals, An in vitro study on joint fitting and cartilage thickness in 320
Renal biopsy in the normal cat: an examination of the effects of a single needle biopsy 347
Respiratory tract, lower, of the dog, Patterns of cilia formation in: a scanning electron microscopic study 340
Reticuloendotheliosis virus as a vaccine contaminant, Relative efficiency of techniques for detecting 377
Reticuloendotheliosis virus, avian, Effect of, on the response of chickens to *Salmonella typhimurium* infection 188
Reverse transcriptase activity in a case of ovine lymphoblastic leukaemia 50
Rhinotracheitis, Experimental infectious bovine: comparison for four antigen detection methods 42
Rinderpest virus, Enzyme-linked immunosorbent assay for the detection of IgG antibodies to rinderpest virus in epidemiological surveys 77
Ruminal pH in sheep nourished entirely by intragastric infusions, Continuous automated recording of 122
Ryegrass staggers — Amino acid neurotransmitter release from cerebrocortical synaptosomes of sheep with severe ryegrass staggers in New Zealand 373

Salmonella in chickens, Experimental study of some factors limiting 'competitive exclusion' of 16
***Salmonella typhimurium* infection, Effect of avian reticuloendotheliosis virus on the response of chickens to 188**
Scrapie agent infectivity, Involvement of protein in 155
Selenium concentration in the blood and wool and glutathione peroxidase activity in the blood of three breeds of sheep 365
Serum albumin concentration, Decline of, at calving in dairy cows: its relationship with age and association with subsequent fertility 90
Small intestinal structure and function in unthrifty piglets, Quantitation of 167
Spasmolytic analgesic drugs, Effect of, on the motility patterns of the equine small intestine 334
***Staphylococcus aureus*, Penicillin (cloxacillin)-tolerant, from bovine mastitis: identification and lack of correlation between tolerance in vitro and response to therapy in vivo 266**
Superoxide dismutase and glutathione peroxidase, Variation in the activities of, and in the concentration of copper in the blood in various breed crosses of sheep 253

***Taenia hydatigena*, Efficacy of praziquantel against ovine cysticercosis caused by 199**
***Taenia saginata* cysticercosis, Duration of immunity and absorption of cysticerci in calves after treatment with praziquantel 127**
***Theileria orientalis* in cattle in Ethiopia 362**
Toxoplasmosis, ovine, experimentally induced, Studies of antibody titres in 163
Trenbolone acetate, Effects of, implanted alone or in combination with oestradiol-17β, on liver cell ultrastructure in steers 21
Trichostrongyles, gastrointestinal, in sheep, Pathophysiology of: plasma losses and changes in plasma pepsinogen levels associated with parasite challenge of immune animals 305
***Trichostrongylus colubriformis* and *Haemonchus contortus* passaged in sheep, Changes in resistance in mixed infections of susceptible and benzimidazole resistant strains of 55**
***Trichostrongylus vitrinus*, Development of morphological changes in the small intestine of lambs continuously infected with 301**
***Trypanosoma (Trypanozoon) evansi*, Characterisation of, from camels in Kenya using isoenzyme electrophoresis 114**

Ultrasound, Measurement of fetal growth in lambs by 257
Urethral sensitivity to phenylephrine in normal and incontinent dogs, Effect of hormones on 177
Urinary corticoids in the diagnosis of canine hyperadrenocorticism 141

Vaccine contaminant, Relative efficiency of techniques for detecting avian reticuloendotheliosis virus as 377


Yak *(Bos grunniens)*, Normal and clinical haematology in 31
